WALTHAM WATCHES.

THE EXTENSIVE USE OF THESE WATCHES for the last fifteen years by Railway Conductors, Engineers, and Expressmen, the most exacting of watch-wearers, has thoroughly demonstrated the strength, steadiness, durability and accuracy of the Waltham Watch. To satisfy that class in all these respects, is to decide the question as to the real value of these time-keepers.

More than 450 000 of these watches are now speaking for themselves in the pockets of the people—a proof and a guarantee of their superiority over all others.

The superior organization and great extent of the Company's Works at Waltham, enable them to produce watches at a price which renders competition futile, and those who buy any other watch, merely pay from 25 to 50 per cent. more for their watches than is necessary.

We are now selling Waltham Watches at less prices in greenbacks, than the gold prices before the war. There is no other manufacture of any kind in the United States of which this can be said.

These time-pieces combine every improvement that a long experience has proved of real practical use. Having had the refusal of nearly every invention in watchmaking originating in this country or in Europe, only those were finally adopted which severe testing by the most skilful artisans in our works, and long use on the part of the public demonstrated to be essential to correct and enduring time-keeping.

Among the many improvements we would particularize:

The invention and use of a centre-pinion of peculiar construction, to prevent damage to the train by the breakage of main springs, is original with the American Watch Company, who, having had the refusal of all other contrivances, adopted Fogg's Patent pinion as being the best and faultless.

Hardened and tempered hair springs, now universally admitted by watchmakers to be the best, are used in all grades of Waltham Watches.

All Waltham Watches have dust-proof caps, protecting the movement from dust and lessening the necessity of the frequent cleaning necessary in other watches.

Our new patent stem-winder, or keyless watch, is already a decided success and a great improvement on any stem-winding watch in the American market, and by far the cheapest watch of its quality now offered to the public. To those living in portions of the United States where watchmakers do not abound, watches with the above mentioned improvements which tend to insure accuracy, cleanliness, durability and convenience, must prove invaluable.

Every watch guaranteed by the Company.

To prevent imposition, buyers should see that every watch should bear either of the following trade marks.

American Watch Co.,	Waltham, Mass.
Amn. Watch Co.	Waltham, Mass.
American Watch Co., Crescent St.,	Waltham, Mass.
Appleton, Tracy & Co.,	Waltham, Mass.

THE SENTINEL.

JOSIAH TURNER, Jr., EDITOR.

SATURDAY, MAY 14, 1870.

A MODEL GOVERNOR.

"Our beloved" Gov. Holden may well be called a "model" Governor, surely he is *sui generis*—a non-descript Executive, since we have had none like him before. He was for some time the first and only Executive ever known, to be the King of the first Ku Klux, midnight, secret League political organization, started in the State. This diabolical organization was and is designed, so far as the South is concerned, for mischief—to array the blacks against the whites—to inflame their passions and to excite them to burn, steal and to kill—to combine them for mischief and lawlessness and to afford protection to each other and immunity from punishment. Many of the members of this League have been guilty of the worst offences, and more than a hundred of them have been pardoned by Governor Holden, for no other reason so far as the public know, but that they were members of the secret League.

No Executive before was ever known to make false representations and publish telegrams of the purpose of the State to pay the interest on her bonds, to mislead Northern Capitalists, so as to enhance their value, and then to be the associate and advisor of speculators and swindlers, going to New York, to take advantage of the rise in the bonds. Rumor has connected Gov. Holden with these shameless transactions and no refutation of these rumors has yet appeared. That he swerved Northern Capitalists that the State would pay the interest on her special tax bonds and that he telegraphed to the same effect, is well known; that he was in New York at the time when sundry bond speculators and swindlers from this State, were there, who were known to have friendly and confidential intercourse with him at the time, is equally well known. If in all this matter he acted wisely and honorably as the Executive of the State, his conduct does not show it.

Gov. Holden must have been cognizant of the whole scheme and plan of the Penitentiary swindle, and yet he signed the bonds, knowing it was a swindle. He must have been in the secret of the swindle when Littlefield, Swepson and others planned the scheme to appropriate $16,000,000 of bonds to Rail Roads, and he might have known, when the Treasurer, in the shortest time ever known, issued millions of bonds in a few weeks to the Railroad Presidents, as he had to sign them, and did not interpose to prevent it. These enormous swindles could not have been perpetrated without his knowledge and approval. It is said, and many believe it, that when G. W. Swepson was here, if he had not been threatened and persuaded by Holden and others interested, to leave, he would have gone before the Bragg Committee, and exposed the whole affair; and it is also believed that when G. W. Swepson left on the special train, provided for that purpose by Billy Smith, that the Governor knew when and how he left. The people of North Carolina must have the truth in this matter, yet. Verily he is a model Governor.

Who ever heard before of a Governor of a State being the head of a secret political organization? Who ever heard before of a Governor of a State being chairman of a political or party Executive Committee? Who ever heard, before, of a Governor of a State, going into a party Convention and attempting to control its action? Who ever heard of a Governor, before, making a set of speculators, thieves and swindlers, beat upon robbing the State and robbing Northern capitalists, his confidants and bosom friends? And yet such, people of North Carolina, is believed to be course of *your model Governor!*

PLEASING TASK.

To the "Hon." Windy Billy Henderson was allotted the pleasing task of closing the Holden entertainment at Tucker Hall, better known as the Radical Convention, over which Senator Pool presided.

Billy, it seems, has quit stealing and joined the Church, and is endeavoring to appear respectable, by going for and introducing Samuel F. Phillips to a Convention of Holdenite leaguers.

Billy felt his "sperits" while he was making his speech, and afterwards, he got as drunk as Judge Settle's buggy was when it lost the new churn.

These things are reported us. It is also reported to us that Billy entertained Messrs. Phillips, Badger, Hargrove, Barringer, (Vic.) and the whole Convention, including the convicted and unconvicted felons, by denouncing us as "a liar, coward, villain," &c.

Billy was acquitted of mule stealing, by a jury of his country, but he has never been acquitted of stealing Ben. Kittrell's law books, alluded to by Judge Pearson when he introduced him to Col. Gaither.

Billy's religion, his fight with Tourgee, and his association with Phillips, have rendered him valiant. He strutted the stage, we are told, and boasted that he was responsible for what he said; that he would meet the cowardly editor of the SENTINEL anywhere upon the streets of the city, and would remain until the next evening for that purpose.

Now, we would want no better sport than to run Billy, faster than he left Lexington on a certain occasion, with the sharp end of a peach stone.

We can excuse Billy for all he says, but we cannot excuse, forget nor forgive, an old friend who, from boyhood has enjoyed our friendship and confidence, when he allows himself to be introducted to a Convention composed, in part, by men who have robbed and plundered his country and State, by such a man as Windy Billy. No, we cannot forgive him, when he lends the weight and influence of his name and character, to continue them in plundering and robbing the State and oppressing the people.

THE NEGRO CLAIM UPON THE RADICALS.

The unjust and determined effort of the white Radical leaders to exclude colored men from office of trust and profit among them, where it can be done with safety to the party, is too bad and is only equalled by their swindling, thieving conduct in general. In the first, second, third and fourth Congressional Districts of this State, the colored Radical voters outnumber the white Radical voters almost ten to one. It is perfectly palpable, that every principle of justice and right, obliges the Radical party to elect if they can, a colored member of Congress from every one of these Districts. Were it not for the colored voters in these Districts, the Radical party would not number a corporal's guard in three weeks.

As a matter of sheer justice and right therefore, to the colored people, we contend that Sykes of Pasquotank, or any other decent negro in the first District, is more entitled to the nomination for Congress than Cobb or Pool or any other white scalawag or carpet-bagger. In the second District, John Good, or any other decent negro, is more entitled to the nomination than Heaton or Brogden. In the third District, Galloway or a better man, such as Leary or George Price, are more deserving of the comicalities than Dockery, A. J. Jones, French, or any other white scalawag or carpet-bagger.

So in the fourth District, such colored men as J. H. Harris or Hyman, or any decent negro, is more deserving of the nomination than Lassiter, our kikkee man, or Cook, of Johnston, or Mason, of Orange, or Rawkins, of Franklin, or such new converts as Hargrove and Badger.

No colored Radical suffers in comparison of respectability and moral standing with their white compeers, and as a matter of simple justice when the colored Radical voters of a District are ten to one of the white Radicals, they deserve the nominations.

Were we a Radical to-day we should contend strenuously for the nomination of colored men in all those Districts. If the colored Radicals choose to be ignored and run off the track by their white compeers let them do it. So long as they yield this point Radicalism or Republicanism is but a name, and a rotten one at that.

We hear on the streets that James Harris will be bought out by the "*white gentleman.*" If this is true, Mr. Badger or Hargrove will probably be the candidate.

But there is also some talk of their taking one of our Democratic friends as their candidate. In fact, there are two prominent Democrats talked of among the Rads, as the only men they can elect in this district.

James Harris, radically speaking, is the right man in the right place. If we are to send a Radical to Congress from the district, (which, however, we don't think will be done) we are for James; we prefer him to any man of his party, not excepting Badger, Hargrove or Phillips.

"BIRDS OF A FEATHER," &c.

In old times the characters of men were determined pretty much by the company they kept. Ever since Paul's day the world has known that "evil communications corrupt good manners." And men's social position as well as moral standing, used to be determined by their associations. Why should it not be so now? Is it more honorable now or less disgraceful to keep company and be publicly and politically associated with swindlers, thieves, and men of doubtful reputation than formally? Does office or greenbacks, nowadays make a gentleman—a swindler a decent man?

It is not impossible, we grant, for an honest Republican or an honest Radical, at the North or in some sections, to be entitled to some respect, some consideration as a gentleman. But how is it in North Carolina? Look at the organization of the party in this State. So venal, corrupt, demoralized and broken down in reputation, were the leaders of that party in this State, at first, that every man who made any pretentions to decency when disposed to coalesce with them, at first, went in at the back door. Many of them though unknown as affiliating with them, on meeting gentlemen, would first cast sheep eyes at them and blush for very shame, fearing they would not be recognized. How is it now? Has the chances of office or pay made the thing more respectable? Have men who have had claims to respectability, who affiliated with that party any better claims to recognition now than formerly? Can a man endorse a party and cooperate with it, many of whose leaders are known to be swindlers and robbers of the public purse—men of broken down reputation, deceivers of the people, hypocritical pretenders to patriotism, without being a partaker of their sin and shame? If a man marry a soiled woman, can he raise her up to his former standard of respectability? Does he not fall with her? Most assuredly he does.—The truth is no amount of respectability now, which may go into that old hag, the Radical party, can raise it up from its filth and slime in North Carolina. It is rotten to the core. Its carcass is a mass of putrifaction. Judge Pearson and Judge Reade and a few others thought they could do it, but alas! how sorely disappointed.

MISCEGENATION.—One Roe, an Englishman, has, we understand, been living with Ann Valentine, of color, for some time past, and claiming to have been legally married. Last week they were tried before Judge Cloud, for adultery, and convicted. Roe was not allowed bail, and Miss Valentie, *alias* Mrs Roe, not being able to give it in the sum of $200, was also caged. The Judge we learn, relieved himself of a good deal of "bile" when he passed sentence on them.—*Greensboro Patriot.*

For the Sentinel.

MR. EDITOR:—Has the Hon. T. L. Clingman advertised again in the *Standard?*—I have not heard a word from him since his "advertisement" of the 22d ult. He seems a little tardy. I am becoming somewhat impatient to hear from him; but to relieve myself of the monotony of the thing, I have concluded to devote a few leisure hours, *especially* to the consideration of the political part of Mr. Clingman's address.—I shall not, however, in my future reflections forget Railroad matters.

I asked a friend, a few days ago, why Mr. Clingman's address had never been noticed by Gov. Graham or Gov. Vance.—He replied, "they would have to stoop too low to reach it." This shower struck me very forcibly; so much so, that I have since been apprehensive that possibly my humble tributes of respect to that document might give it more importance than its subject matter has ever given it; and if the result should justify this apprehension I am sure Mr. Clingman will feel greatly obliged to me for any notice I may give his address.—True, it would be more gratifying to Mr. Clingman's vanity to be noticed by the distinguished gentlemen I have named, but they are *significantly* silent. How much do you suppose he would give to have Gov. Graham or Gov. Vance answer his address? I have no doubt, if Mr. Clingman gets his *ten per cent* from Messrs. Swepson and Littlefield, but he would freely give a thousand dollars; but alas! he seems doomed to disappointment. From the *powerful* silence of those gentlemen, I take it, that they expect the answer to be made by some small "fry" about like myself. Hence I will proceed.

Perhaps it is proper for me to state in this connection, that in former days, Mr. Clingman was my political school teacher, and as such, I admired him, though I always knew he was not particularly noted for his adhesion to party principles. His great notoriety was all in the other direction. Originally he was a Whig. This was before my day, but I learn he was then very bitter in his invectives against the Democratic party. His idea then of the power that held together the party to which I have ever belonged, illustrates my idea now of the power that holds together the "Railroad Ring" to which Mr. Clingman belongs. Among other things he said "the Democratic party was held together by the cohesive power of public plunder." While this was not true as applied to the Democratic party, yet it is true as applied to the Railroad Ring. But the idea itself I believe was not original with Mr. Clingman. Hence, when he afterwards showed signs of repentance, the Democracy was ready to forgive him, on the ground, that this invective was only the indiscreet use of a little "borrowed thunder."

I remember distinctly, when Mr. Clingman got to be a Democrat, how I used to sit at his feet and drink in with avidity every word he uttered; and when I would get full to overflowing, I would go around among the boys at big musters and other places and gas away at a terrible rate until I would gas out, which never took very long. Then I would go back to my distinguished teacher and get "stuffed" again, and then gas away as before. This process was kept up for a year or two before the late war. Thousands all over the country were taught and educated in politics at this same school and by this same teacher. Finally this school broke up, and Mr. Clingman has since been out of employment. Recently, however, through the great kindness of the "Hon." Deweese, he has been placed in a condition to offer his services to the public again. True, he has been engaged in the public service in a sort of private way with Messrs. Swepson and Littlefield for some time, but these gentlemen have thought it prudent in view of penitentiaries and other public institutions, to keep their operation in the dark as much as possible. But all this is only a matter of precaution which it has ever been the custom of such men to exercise.

Now however Mr. Clingman is ready to engage in the public service in a political way. Already he has advertised himself, and given only a vague idea of his remedy for the political evils of the day. Mr. Clingman is the pill that has to be taken. This is clear. Well, I have examined this pill very carefully as exhibited in the "advertisement" of the 10th of March, and some how it has "turned against me." It may be that my stomach is weak. This pill, too, has been rolled in fifth so much by Swepson and Littlefield that I am inclined to the opinion, it will hardly be palatable to any body. At any rate when I attempted to take it in, the tendency was, to make me disgorge all that is within me, and others have told me, it affected them the same way.

It will be remembered that in the old school of politics, Mr. Clingman taught one lesson which did not prove profitable. The opposition was too great. I refer to the lesson on Secession. Well do I recollect the ever memorable teachings of Mr. Clingman on this subject. I accustomed myself to regard his teaching as infallible. I received his lectures on secession as if his utterances were the very words of inspiration itself. But some how when the attempt was made to reduce this lesson to practice, it didn't work out just right.

At first the doctrine of secession, which may have been right under certain circumstances, met with formidable opposition, but soon it gained a hold on the public mind, which promised to overcome all opposition to it. There are some, however, who never gave in to this doctrine; and others again who opposed it on the ground of impracticability, but these opposing elements were soon borne down in the whirl of excitement caused by the overpowering eloquence of Mr. Clingman and the inspiring words of his coadjutor, W. W. Holden, and other acknowledged leaders of the secession doctrine. Under the lead of these men at the South, opposed by equally strong men at the North, it became apparent that these antagonistic elements must soon culminate in a terrible conflict of arms between the two sections, at least, such conflict was seriously apprehended, and the sanguinary result has fully justified the apprehension.

The election of Mr. Lincoln was seized upon by Mr. Clingman and his secession friends as the occasion to test the practicability of this doctrine. The desire was to secede peaceably if we might, but forcibly if we must; in other words, the time had now come when the secession doctrine must be enforced at the point of the sword, unless our right to secede was acknowledged by the government at Washington. This right was not acknowledged, and war—terrible, sanguinary war, with all its horrors followed. Of course, it is understood that slavery was at the foundation of this whole question.

Candor here requires me to say that under the teachings of Mr. Clingman and his co temporaries, I had become what is known as an original secessionist, and as such, favored the war only as the last resort to establish the doctrine. Simple justice requires me to say farther, that there were many in North Carolina who conscientiously opposed secession, believing it was not the proper means to settle the slavery question, and insisting that any attempt to enforce this doctrine would be impracticable, premature and disastrous on account of the division in public sentiment South. This class of politicians declared it secession must come, unity of action on the part of the whole Southern people was necessary, and in order to secure it; they advised our people to wait for an overt act on the part of the United States government. I will name the Hon. W. A. Graham and the Hon. Z. B. Vance as among the more prominent in North Carolina who, I believe, took this view of this question. But, in the frenzy of excitement and the mad rush for distinction, the earnest opposition thereby made was soon overcome by the overwhelming secession element which swept over the most of the Southern States. The fight came on as the inevitable result, and the old line Whigs, with as much unanimity as any other party in North Carolina, threw themselves into the front ranks, and the slain of their numbers, of all classes, on many a battle field, will never cease to proclaim their courage. This should put to shame him who would now detract from the well earned fame of the old line Whigs of North Carolina. It may be, that the leaders of this time-honored party, may not have occupied as prominent positions in the late war, as the leaders of the Democratic party, but this will not appear strange when we remember that they were in a hopeless minority when the war began, and consequently, were not in a condition to be favored with prominent positions. Rather, it is more strange that they should fight at all when the preferments were all against them, and knowing, too, that the war had been brought on by Mr. Clingman and others, contrary to their views of propriety. Their position in the late war was like that of the man who found his brother engaged in an unequal fisticuff fight, about a matter per chance of common interest. It was too late now to inquire which party was in the fault; but in obedience to the noblest impulse of human nature, he rushed to the assistance of his brother. Both together, however, were not a match for their adversaries. They were overpowered by superior force, though they made a vigorous and united resistance. But after the united struggle was over, the brother who had willingly engaged in the fight, turned to the other, and in language of inexcusable ingratitude, told him he did not do his duty, and afterwards, among their associates, tried to detract from his courage, and prevent the just meed of praise to which his noble conduct had entitled him. This was a very ungrateful brother, and I feel sure every body will condemn his base ingratitude. Yet, each of these brothers has his representatives, but it is to be hoped the one of ingratitude has but few. Certain it is the other has many. Politically Mr. Clingman represents the ungrateful brother, and those whom he would politically ostracize, with many others of all parties, represent the one of noble impulses.—I believe the honest men of all shades of politics will utterly condemn this deep ingratitude in Mr. Clingman toward the leaders of the old whig party. Give unto each his due, is the sentiment of Him whose every word was spoken in the interest of heaven itself.

REV. A. B. EARLE.—A letter from Mr. Earle, dated Charleston, May 11th, states that he is sick and unable to fulfill his engagement in Raleigh and Norfolk at the present time, but he promises so soon as he is able to work again, perhaps in a few weeks, to return South and hold a longer meeting than was at first proposed, in Raleigh.

IMPROVING.—We are more rejoiced, perhaps, than any one else, to be able to state that our crippled arm is improving. But it improves very slowly, and we are only able to write a little by lifting the right hand over the paper with the left.

It is because of this that we have failed to notice several things that we otherwise should have done, among them, incidents connected with our trip to Weldon, and the observations we made on the route.

We hope to be able, next week to bring up arrears and repair neglects that have, on account of our accident, hitherto been unavoidable.

PROF. DONALDSON, the Wonder Worker, will walk a tight rope across Fayetteville Street in the vicinity of Tucker Hall on Monday evening at 5 o'clock, from the top of the houses, after which he will give an entertainment in Tucker Hall. For particulars see small bills of the day.

A Norfolk exchange says of Mr. Donaldson: Professor Donaldson, after the matinee at the Opera House this afternoon, will walk the rope across Main street *blindfolded and in a sack!*

The Professor has nerves of steel. He does not drink liquor of any kind, nor chew or smoke tobacco. All he drinks is pure water; consequently he has a clear head and a sure step.

MISLED.—It is not often we rely on the *Standard* for information, but we ventured to do it yesterday, about the lowering of the flag to half mast at the garrison here, last Tuesday. In this we were misled, as any one will be who takes that paper as a guide. We will state, however, a fact that fell under our own observation, which is, that a number of the U. S. soldiers were present at the Memorial celebration, who manifested an interest in the ceremonies, and behaved very becomingly on the occasion. It was this fact that induced us to think the statement about the flag was correct, without reflecting that such things were subject of order from higher authority.

Mr. A. C. Hunt fell dead on Monday last, in Asheville. Disease of the heart is supposed to have been the cause.

NEW PAPER.—We have received the first number of a paper, published in Newbern, under the name of "*The Courier*," by Geo. C. Pittman. It is a tri-weekly, and published at $3 a year, and seems to be devoted to general news.

ANOTHER MEETING OF CLERKS.

Pursuant to adjournment, the clerks of this city, met at the store of Lyon Adams, Esq., last evening.

The Committee appointed to wait upon the merchants and business men of the city, reported that on account of the shortness of the time since last meeting, they had been unable to wait upon all the parties referred to in the petition, and asked for further time.

The extension of time was allowed and the Committee was instructed to report at the next meeting.

On motion, the petition was amended in relation to the hour of opening and closing, places of business, and providing that if the consent of employers was obtained, the new arrangement should go into effect on the 20th inst.

On motion, the meeting adjourned to meet again on the 18th inst.

OFFICE OF THE N. C. LAND CO. }
RALEIGH, N. C. May 9th, 1870. }

Mr. Editor:

SIR:—We are in receipt of several letters from capitalists of Europe, asking us to forward them descriptions of some eight to ten large tracts of land, in different parts of the State, containing from 15,000 to 100,000 acres each, to settle colonies on.

Owners of such tracts, who wish to sell, will please forward to our office, description of their land, location, price, terms &c. This company makes no charge for land placed in their hands, unless a sale is made.

A prominent Shipping House of Liverpool writes us to day, asking if we will engage to furnish them with return freight, if they put on a line of Steamers to carry emigrants direct from Liverpool to Wilmington in our State. All they ask is for us to insure them this, and they will put on a steamer at once.

Here is an opportunity offered for us to ship the produce of this good old State direct to Europe, without paying tribute to any of our sister States; who will assist us in bringing this about?

BRUTAL OUTRAGE!—A QUIET CITIZEN OF MACON COUNTY IS WHIPPED BY LOYAL LEAGUERS, AND AFTERWARDS SHOT! HIS WIFE KNOCKED DOWN! THREATS TO BURN AND DESTROY! READ AND PONDER!!

We are informed by a gentleman whose veracity is beyond question, that a most horrible outrage was committed on the person of Mr. Shelton Kennerley, a farmer living on Nantihala River, in Macon county, on the 1st, inst. The victim was a quiet and law abiding citizen, and a firm Conservative. On Sunday evening, while strolling over his little place, Mr. Kennerly, was approached by three Loyal Leaguers, clothed in Yankee Uniform. They asked permission to tarry for the night, as they were extremely fatigued. Mr. K., stated that his wife was quite unwell, but, upon his being pressed, finally consented to give them a night's lodging. Returning to the house, and at a moment when Mr. Kennerley's back was turned, all drew their pistols and seized him, shouting that they were from Ohio, and intended to have his blood. Mrs. Kennerley screamed and began to plead for her husband, when one of the brutal Loyal Leaguers knocked her down with the butt end of his pistol.—They started out the door with their prisoner, but a large dog, with almost human instinct, sprang to the assistance of his master and seized one of the ruffians by the leg. He was immediately shot through the head. Having carried Mr. Kennerley, some little distance from his house, his captors compelled him to kneel, and ordered him to say his prayers, as he had but a few minutes to live. They then began to whip him with hickory withs, cutting the blood with every stroke, until at last the unfortunate man, half crazed, and almost dead, darted off through the woods. The brutal Loyal Leaguers gave chase, firing as they ran, until Mr. Kennerly fell, with a ball through one arm, and one through his head, and a severe wound on his scalp. It is supposed that fifteen shots were fired in all. The ruffians then becoming alarmed at the screams of Mrs. Kenserley, and supposing their victim in his dying gasps, fled in haste, and had not been heard from up to yesterday. Mr. Kennerly, revived, and managed to crawl home, and is now improving, although his wounds and bruises are frightful to look upon.

It is perhaps a useless waste of time and space to comment on this affair. It may be that ere this is read the miscreants have had justice meeted out to them. Let the fact be investigated by those who understand how to deal with such cases. Meanwhile we commend this "Ku Klux outrage" to the consideration of the *Standard*.

CARY.—Cary is the nigger who represented Caswell county in the House. Cary, sometime last spring, sent a bushel of Irish potato seedlings to his home in Caswell, from Raleigh, to be planted out. The bushel was lost. Cary wrote time and again to Major Smith to be paid for the loss of his potatoes. Major Smith wrote him to send in his bill and the railroad would make it right. Cary sent it in. And in addition to the bushel of Irish potatoes, he counted the number of bushels he'd have raised off of it, and charged so much a bushel—market price. The bill was some fifty or seventy five dollars. Oh ye dark bosomed Cary!—*Hillsboro Recorder.*

Prostration Played Out.

Violent purgatives, emetics, salivants, blistering and bleeding have had their day.

The sick can no longer be persuaded that the best way to cure them is to destroy the little strength that disease has left them.

Dyspeptics instead of dosing themselves with epsom salts, aloes, colpeinth, jalap, and other powerful cathartics tone their digestive organs and regulate their bowels with Hostetter's Stomach Bitters.

Persons of bilious habit, instead of throwing the whole glandular system into a state of morbid irritation with mercurial poison, seek relief, and find it, in the operation of that wholesome vegetable altera tive upon the disordered liver.

Serious sufferers, Invalidus, weak and decrepid parents, recruit their shattered energies with a course of the great invigorant, and bless the day when the adulterated liquors of commerce were superseded by a medicated stimulant perfectly efficient and entirely harmless.

Travelers by land and sea rejoice in the possession of an agreeable corrective, which protects them from the evil effect of malaria, from sea sickness, and from the disturbing influences of changes of temperature, and change of water.

The weak and debilitated feel their strength return, and their spirits revive under its bracing, supporting, gently exhilarating action.

It is the only stimulant which cautious physicians can conscientiously recommend to ladies in delicate health, or to the aged and decrepid.

There is not a city, town, or settlement, on the American continent, where it is not recognized as a household remedy, and a safeguard against epidemics; and, in short, wherever there is intelligence, prudence and common sense, Hostetter's Stomach Bitters is pronounced a standard specific, for which, in the whole range of pharmacy, there is no substitute or equivalent.

AN outrage has just been brought to our attention which places one of the Lenoir county Radical Magistrates in a rather ugly position. It seems that George Fields, a negro, had been arrested upon a State warrant issued by Mr. Stephen Lassiter, a Justice of the peace in the upper portion of Lenoir county. The regular course of a trial was gone through with, and the evidence being convicting, George was required to give a bond for his appearance at the next term of Lenoir Superior court. In this, however, he failed and the constable, Mr. Wm. Cotton, was about to take the prisoner to jail when Justice (!) Lassiter, before whom the case had been tried, snatched the warrant out of the hands of the officer and told the negro to go back home and go to work. This man Lassiter, we learn, is aspiring for Legislative honors. Judging from the proceedings in this matter he undoubtedly is a fit subject for a Radical candidate. *Goldsboro Messenger.*

FIRE IN RIDGEWAY.—The beautiful Cottage, recently built at the end of Davis Avenue, by Professor Dodworth of New York City, and occupied by his nephew E. Ford, and also by Mr. J. D. North, and family, was burned to the ground, with nearly all its contents early yesterday morning.

The fire originated in the kitchen from a defective flue, or other unknown cause, and had nearly consumed that portion of the building before it was discovered.

The occupants had but little time to escape, and lost nearly all their clothing and personal effects.

We have been informed that Mr. North and Lady, lost several thousand dollars worth of personal property. No insurance. —*Ridgeway Press.*

AN IMPOSTER.—One J. Steers has been imposing upon the good citizens of our town for the last six weeks. Not having the honor of his acquaintance, we can say no more about him in this issue; but he is a most consumate rascal, and hotel keepers and others had better be on the lookout.—*Greensboro Patriot.*

SWEET QUININE

Is a Recent Improvement.

Replaces the use of the BITTER SULPHATE QUININE, with which all are familiar.

Dose for dose, it is

WARRANTED

Fully equal in every way to Bitter Quinine,

AND, LIKE IT, IS THE ONE

Great, Positive, and Unfailing

CURE

For all Diseases of Malarious Origin.

Fever and Ague,
Intermittent Fever,
Chill Fever,
Remittent Fever,
Bilious Fever,
Dumb Ague,

and the long train of disorders following these when neglected.

SWEET QUININE

is made solely from Peruvian Bark (so is Bitter Quinine), therefore is of Vegetable origin, and not a Mineral poison, but on the contrary is proved to be one of the elements found in the blood of all healthy persons.

SWEET QUININE

acts as an antidote to, as well as a cure for, malarial or miasmatic poison, the absorption of which by the lungs causes Intermittent Fevers, etc. The only advantage claimed for

SWEET QUININE

over the use of old Bitter Quinine is the entire absence of that intense, persistent bitterness, which in the latter is an insurmountable obstacle to its use with most persons, and always with children.

SWEET QUININE

is in two forms—in POWDER, for the use of Physicians and Druggists, and FLUID, for use in the family and for the general public.

BEING OVER $12,000,000 GREATER THAN THE NEW BUSINESS OF ANY OTHER LIFE INSURANCE Co. IN THE WORLD.

PURELY MUTUAL. DIVIDENDS PAYABLE AT THE END OF THE FIRST YEAR AND ANNUALLY THEREAFTER.

The insuring public should not allow itself to be deceived with regard to the term "Annual Dividends." Many companies using this expression mean that their dividends are "annual" AFTER THEY ONCE BEGIN TO PAY THEM AT ALL; but they DO NOT BEGIN TO PAY until the settlement of the third, fourth, or fifth premium.

One hundred Dollars paid in dividends at the end of *one year*, and each *year* thereafter, equals FOUR HUNDRED AND THIRTY-SIX DOLLARS paid at the end of FOUR YEARS, interest at six per cent.

Applications for Assurance may be made to any of the Society Agents throughout the country, or in person or by letter to the General Agents.

POLICIES VALUABLE IN LIFE, AS WELL AS AT DEATH!!

THE BROOKLYN LIFE, IS THE ONLY COMPANY IN AMERICA, WHICH GUARANTEES

DEFINITE CASH SURRENDER VALUES,

IN CASE A POLICY IS FORFEITED FOR NON-PAYMENT OF PREMIUM.

The BROOKLYN LIFE enjoys the highest reputation *for judgment of investment, economy of management, and skill and care in the selection of risks*,—upon which elements of administration the security of a Life Insurance Corporation depends.

The laws of New York compel Companies in that State to calculate the Cash value of their Policies, each and every year, *and a certain legal standard of reserve and accumulation must be held by the Companies to meet all their liabilities.*

Insurers in looking around for Companies in which to insure, should carefully seek for this important safeguard. It will be found in the BROOKLYN LIFE.

NON-EXPLOSIVE COMBINATION BURNING FLUID

THE CHEAPEST, BEST AND SAFEST ILLUMINATING AGENT IN THE WORLD!!

No more Exploded Cans!—No more Exploded Lamps!
No more Smoke!—No more Grease!
No more burst!!

EVERYBODY PREFERS IT AFTER GIVING IT A TRIAL!

IT costs less!—It lasts longer!—Gives a more Brilliant Light!—May be burned in hand lamps, without chimney.

Guaranteed to make a better and safer Light than Coal Oil and to be NON-EXPLOSIVE!!!

No accidents have ever happened with it.

Protected by Copy right for 28 years from May 8th 1868.

The above Fluid has been in constant use for upwards of three years, and has sustained its unrivalled reputation, as a brilliant, non-explosive illuminating agent, though subjected to the severest tests. Being universally conceded to be superior to Kerosene or Coal Oil. It makes a better light and more of it, than any other illuminating compound. Soft, clear, steady and uninjurious to the eyes. All that is asked is, a fair and impartial trial.

Among the numerous testimonials received read the following:

PHILADELPHIA, March 15th, 1869.

The undersigned, having witnessed the experiments of Messrs. Hale & Co., with their Combination Burning Fluid, take pleasure in commending it to the public. The various tests to which the Fluid was subjected, was in the highest degree satisfactory. We have no hesitation in pronouncing it to be a *safe and brilliant* illuminating agent. Its cheapness added to its other good qualities, should insure its introduction into every family in the country, where Kerosene Oils is used.

THE MOST SUCCESSFUL CASH COMPANY IN THE WEST!

The Stock of this Company is owned by the Capitalists of Louisville, Ky., and St. Louis, Mo. It is emphatically a Western and Southern Institution.

The DE SOTO has no desire to exalt its merits over those of other good Companies, nor to prosper on the decline of others, laboring in the same fields, and for the same grand object. Confident of its equal advantages with others, of whatever age or standing, it is willing to labor honorably for success, and hopes to deserve the public confidence by its energy, industry, and liberal spirit.

From the Missouri Republican.

"Few Companies have started out with such gratifying and flattering prospects of success, and under such favorable auspices. The Company has been extremely fortunate in the selection of its Directory. Its President, JAMES H. LUCAS, needs not a word of commendation from us. He enjoys a general reputation as a gentleman of wealth, unquestioned integrity, practical good sense, sound judgment and splendid business capacity.

The Directors rank among the first class of our merchants, bankers and citizens as men of capital, financial ability and experience: men of probity and unblemished reputation. In the character of such a Directory, the community have the best guarantee that the business of the Company will be prudently and judiciously managed."

Policy-holders may travel by the usual modes of conveyance, either by land, river, lake or coastwise, in any portion of the United States and Territories, the settled portions of the two Canadas, Nova Scotia and New Brunswick, and in time of peace may cross and recross the Atlantic Ocean by the usual passenger routes to, and travel and reside within, any portion of Europe.
